**Sue Tamani** Another super thing I love about EN is the transparency. Most biz you only hear about the top earners.

**David Wood** Want to know why it's happening? [REDACTED] is one of the most consistent people in Empower Network :) I can't remember the last time he got less than 2 sales in a day.

He doesn't work a lot of hours every day, doesn't prospect, doesn't do meetings – he's just consistent, with one message:

Get 2 signups a day, and follow the 8 core steps.

**...and learn how [REDACTED] Made \$40,000 this month...**

*The truth is, in MOST companies...*it takes a team of 100,000 people to have ONE GUY making \$100,000 per month...

*...here,* we have 2, with only 38,756 people, and this will be our fifth person earning over \$40,000 just this month :)

We also have 34 six figure earners, 11 people over \$20,000 a month, 60 people over \$5,000 a month, and 100 over \$2,500 a month.

*And...*

*...a lot of our team are in multiple companies - because we actually let people market whatever they want.*

**So that's just their income HERE.**

**And it's about to get gnarly...**

NEXT MONTH I believe is our month when we hit our FIRST real stride.

I believe we'll create somewhere between 30 and 50 NEW people earning a six figure income.

(that would be a total of 65-90 of us earning a top 1% income in the world, the SINGLE RICHEST group of marketers online - truth be told, we are already...)

The month after, I believe that we'll create over 150 NEW six figure earners.

Why?

Because there's never been anything like Empower Network.

**It was built by the people.**

*For the people...*

...and OF the people - for ONE purpose:

YOU.

You're success.

You're VICTORY.

You're VOICE being heard.

**YOU reclaiming YOUR POWER.**

And we have a PLAN to do it.

See, people are already realizing - that although you can make a LOT of money all over the direct sales profession....

...IF you know what you're doing - people are making more money by following our simple system, than anything else they've ever done IN THEIR LIVES.

And it's just begun.

A lot of times when a company launches, they 'POOF' out with growth, because a bunch of leaders join - with big teams, and bring 1000 downline with them.

THEN...

...occasionally something does the same thing - and for some reason...

**...the growth just keeps accelerating.**

Look at our Alexa Traffic Ranking over the same period of time - we've gone from the top 1,000 sites online, to now, we're averaging from the top 400-600 on a daily basis, this is out of BILLIONS of pages online:

**Not only that**, the 'buzz' we have in our community - it's ethereal.

People are more passionate about what we're doing, than they've ever been in their lives - NEWBIES are having just as much success as veterans.

Guys like Justin Verrengia, who almost drowned - are having break throughs **a month later, Justin has ALREADY earned \$23,645 with us.**

The month before, he only earned \$7,000 or so - his income **TRIPLED** in 30 days. And **THAT** was his best income month in the last 5 years of internet marketing!

**He TRIPLED his best month ever in 30 days!**

People like Cristina Munoz, who always had to work 14-16 hours a day, are earning MORE working 2 hours a day - *than they have in more than 20 years in the profession!*

*In short?*

**This is some badass shit.**

P.S. Don't be a wussy.

**Income Disclosure:** As you're probably realizing, we have a virtually unlimited amount of abnormal stories:

People with spinal disease earning six figures - hippy looking guys in Costa Rica tripling their income in 30 days - part time Engineers earning \$30,000 monthly without any prospecting, and so forth.

We also like to show you the averages, because not everyone makes money (or wants to) and we don't guarantee that you will.

Why? Because I don't have an equal guarantee that you're not going to weanie out, and quit in 2 weeks.

For example, there is a guy in a Facebook group who posted a message like this:

"I've been in for 4 minutes, and I'm not rich yet! HELP! HELP! I need a lot of hand holding, and personal attention to fix my weaniness!"

(obviously, I'm slightly exaggerating, and the word 'weaniness' is my journalistic improv, but only slightly...)

Obviously, this isn't a lotto - we just have MASSIVE success from those that ACTUALLY do what we teach :)

Are you one of those? If so, [click here to get in](#).
